CONTINUE HIGH ALL THE YEAR

Statement Issued by Messrs. Dickinson and Sheldburne Concerning Prospects for Tobacco Maket.

The Richmond tobacco market closed last week with the highest price of the season. Never before in the history of the trade perhaps has the same quality of tobacco sold so high. Inferior graces are going in some cases at remarkable figures. There were good sales on all

received was \$23.

In connection with the very unusual activity prevailing upon the market at the present time Messrs, Dickinson & Shelburne have just issued a circular, which reads in part as follows:

"Some three or four of the largest manufactories in the world, the Conti-nental Tobacco Company, the American Tobacco Company, the American Snuff Company and Gallaher, of Ireland, have just come on this market, and are making things lively. They all have their plants here, where they can ary out from 20,000 to 40,000 pounds a day, and of course they can afford to pay more money for it on this market, and they are doing it. The strongest demand is for sweet tobacco, sun or air cured, and we expect it to continue high all the year unless the market should be glutted after a good stripping season; in that case we would not advise you tto rush it in, as it will sell high after Christmas and no doubt still higher in the spring. It soid this week as follows: Sand leaves and rommon lugs. 5 to 8 cents; medium to good, 81-2 to to 10 cents; fine bright lugs, 10 to 14 cents; common leaf, 6 to 8 cents; medium to good, 8 to 14 cents; wrappers. 14 to 20 cents. All of this class has sold high, except the dark red one sucker leaf, which goes from 6 to 8 cents. Common lugs of all classes are high, rang-ing from 5 to 6 cents for smoked. Our exporters and ...ig manufacturers have also given us a strong demand for the dark red or brown smoked leaf, ranging in price from 6 to 7 1-2 cents for com-mon, 7 1-2 to 9 cents for good, 2 to 14 cents for wrappers, and we can now advise shipment of this class of tobacco to this market, and believe we can make it pay you. Very little of the black or olive tobacco has come in up to this time, but what we have had has sold well and made good averages. We think the good grades of this class may sell better a little later, but the common grades are high, ranging from 5 to 6 1-2 cents for lugs, and from 6 to 9 cents for common to medium leaf, no good leaf

His Friends Desire Him to Enter Race for Mayor.

Many of Hon. J. Taylor Ellyson's friends desire him to enter the race for mayor, but it is thought to be not likely that he will do so. 'Nervous prostration, taken in time, is absolutely, permanently cured by Paine's celery compound. There are thousands of physicians' statements to this effect. It is the only prepared remedy used in such

cases in the hospitals. Havana, Cuba., Nov. 17.-Mrs. Lola Montaivo, who was Miss Barton's assistant, and is now nurse of the Succoring Hospitel in Guanabacoa and wife of Mr. R. J. Montaivo, Warden of the City Prison in Havana,

has made this statement:

"Paine's celery compound has been used at the Guanabacoa Hospital as many as five years with great success. Many women were scarcely able to move; there were others with a very weak nervous system. A hundred instances could be given of our patients who have been completely cured by using this wonderful Paine's celery compound. One bottle cured a Miss Augustina Aguero, who had heart disease. She was old and her age was against her. Other medicines had failed. May the Lord bless those individuals who brought it before the market and public.'

You Can Have Health.

Thousands of women take the Wine of Cardui treatment every day. Thousands of others will read in the newspapers to-day how suffering women like themselves have been restored to perfect health by Wine of Cardui. Not to take the medicine when its merit is proven shows a carelessness for the condition of one's health, that if general, would keep the world full of weak women. Very few women can conscienciously say that they have really sought health in vain, but thousands of women have written, like Mrs. Flowers, that they could get no relief until they tried Wine of Cardui. When taken according to directions this pure Wine never fails to benefit any case of disordered menstruation, falling of the womb or leucorrhoea. The beauty about

is you do not need a doctor. You need tell no one. The treatment may be taken in the privacy of the home. The Wine always does the same thing and does it well. It regulates the menstrual flow. All trace of leucorrhoea and falling of the womb disappears with correct menses. Ask your druggist for a \$1.00 bottle of Wine of Cardui. If you will use this medicine you can have perfect health.
